Feed the Hungry

Since its inception in 1995, our college has been doing its best to cater to the needs of the society by developing itself as a premier institution in the remote place of Kannur district. It also serves the social needs and tries to uplift the living standards of the rural youth by imparting higher education and foster an enduring sense of discipline among them. Excellence in Learning and Commitment to Society is the motto of Mahatma Gandhi College, Iritty. As the father of our nation envisioned, we are trying our best to lessen hunger of our fellow beings. Every time we feed the poor, mentally and physically challenged insolvent the happiness on their faces is beyond description. This project helps to create a feel of satisfaction in the upcoming youth when make food for someone who is hungry, or when spend time with them, dance with them, laugh with them.

On every Friday, students bring food packets from home and distribute the same at nearby home for destitute under the auspices of NSS. This humanitarian plan of action is undertaken with the purpose of alleviating the suffering of the hungry to a certain extent and in turn, the benevolent work of students increase the level of compassion in themselves as well as the society for which wide appreciation is registered by all people.

Knowledge Center

As part of the effort to inculcate the habit of research even among the community at large and also students following Distance Learning Programmes, an innovative project named 'MG Knowledge Centre' has been established. The facilities and resources available on the platform provided by MG Knowledge Centre enliven the urge for more knowledge and kindle the research interests of all people concerned including regular students, faculty members, students following Distance Learning Programme and people belonging to the local community. As and when needed, the faculty members will extend the support to the people who seek intellectual and information assistance at the MG Knowledge Centre with the ultimate purpose of turning the college into the true beacon of knowledge and guidance for all. During 2018-19 following programmes were organized:

- NSS volunteers arranged tuition classes for students in rural area of Punnad
NSS volunteers identified school going students from the rural area and arranged special coaching to improve their studies. Small groups of students are formulated and volunteers meet them on Sundays and holidays.
- Physics Lab visit on 4th October 2018 by students and teachers of Govt. UP School Uliyil.
- Physics lab visit on 11th October 2018 by students and teachers of Sarada Vilasam AUP School Parikkalam
- The teachers and students of Govt. UP School Uliyil are assisted by the students of B.Sc. Physics to familiarize the equipment and experiments
